Zoid Psalm bekoor gehore

Die kerkgebou van NG Proteapark was gevul met 'n atmosfeer van verwagting en verwondering, toe Karen Zoid saam met haar talentvolle "band" en die indrukwekkende klanke van die orrel, 'n unieke samesmelting van musiek, die produksie van Zoid Psalm aangebied het. Die afgelope naweek se program met professionele beligting het die gehoor laat voel asof hulle in 'n teater sit en Zoid se sprinkelende persoonlikheid het uitgestaan tydens die vertoning. van dié besondere musikale ervaring. Die kerkgebou was gevul met 'n atmosfeer van verwagting en verwondering, soos Zoid saam met haar talentvolle "band" (Jeandré Schultze - kitaar, Angelo Roman - baskitaar, Justin Arendse - dromme, Salomé van Wyk - orrel, Anton Eloff - keyboard) en die indrukwekkende klanke van die orrel 'n unieke samesmelting van musiek geskep het.

Die produksie is verder versterk deur professionele beligting wat die gehoor laat voel het asof hulle in 'n teater sit. Die visuele en klankervaring het bygedra tot 'n aand wat lank in mense se geheue sal bly voortleef.

Karen Zoid se opregte en warm persoonlikheid het duidelik deurgeskyn tydens haar optrede. Met 'n "hart van goud" het sy daarin geslaag om die gehoor emosioneel

aan te raak en 'n diep indruk op almal teenwoordig te laat.

Besoekers kon ook smul aan heerlike kerkverkope tydens die geleentheid, met gunsteling soos pannekoek en kerrie-en-rys wat beskikbaar was – 'n ware fees vir die smaaksintuie.

Volgens terugvoer van die gemeenskap was die naweek se optredes 'n groot sukses. Baie besoekers het hul waardering uitgespreek en die ervaring as besonders en onvergeetlik beskryf.

Die NG Proteaparkgemeente kan trots wees op 'n hoogtepuntgeleentheid wat nie net uitstekende musiek gebied het nie, maar ook mense saamgebring het in 'n gees van samehorigheid en inspirasie.

Some of the suspects included Mozambican nationals, one Zimbabwean national as well as three South African citizens.

The arrested suspects included five Mexican nationals.

Eleven suspects arrested in Swartruggens drug bust appear in court

Tons of equipment and chemicals used in the manufacturing of illegal drugs, as well as three firearms were seized during the operation.

RUSTENBURG HERALD – SWARTRUGGENS - The case against eleven suspects involved in illegal drug manufacturing operations, was postponed for seven days for interpreters, verification of immigration status, and possible formal bail applications when the suspects appeared before the Swartruggens Magistrate's Court on Friday, 15 May. They face charges related to drug manufacturing, illegal possession of precious metals, illegal possession of hazardous materials, and contravention of the Immigration Act.

They were remanded in custody and were expected to appear again on Friday, 22 May.

This follows an intelligence-driven operation conducted by Crime Intelligence Head Office, Organised Crime Head Office, and the Directorate for Priority Crime Investigation's (DPCI) South African Narcotics Enforcement Bureau (SANEB) based at Head Office, together with other stakeholders, which resulted in the arrest of eleven suspects linked to a suspected clandestine drug manufacturing laboratory on Wednesday, 13 May.

The accused include five Mexican nationals, Fabian Astorga, Jesus Alonso, Medina Astorga, Luis Alberto Ramirez Rios, Jose Andres Medina, and Jacquelin Lopez Madrid (woman); two Mozambican nationals, Ismael Afiado Massingue and Lourenco Constantino Cumbane; one Zimbabwean national, Tobias Soyani; and three South African citizens, Tyron John Schutte, Kyle Schutte, and Vusi Amos Mkambi.

The operation led to the discovery of a large-scale illegal drug manufacturing facility believed to be involved in the production of methamphetamine. During the operation, law enforcement officers seized tons of equipment and chemicals used in the manufacturing of illegal drugs, as well as three firearms.

Approximately 481 kilograms of methamphetamine with an estimated street value amounting to millions of rands has thus far been confiscated. The estimated value of the illicit drug laboratory exceeds R1 billion.

Preliminary investigations indicate that the discovered laboratory is the fourth drug laboratory in South Africa with alleged Mexican links.

At this stage, the owners of the property have not yet been located. However, the owner's son and other relatives were among those arrested. The owners are currently required for questioning as investigations continue.

Voertuigdiuwe gebruik tegnologie om te steel

RUSTENBURG HERALD - RUSTENBURG - "So slim soos die houtjie van die galg."

Ongelukkig, in Suid-Afrika, is hierdie spreekwoord al hoe meer van toepassing op kriminele wat met nuwe, slinkse, slenters vorendag kom om lede van die publiek te besteel en berooft.

'n Egpaar van Rustenburg het na 'n poging om hul Volkswagen Amarok te steel, met Rustenburg Herald kontak gemaak om lede van die publiek te waarsku aangaande 'n nuwe metode om voertuie te steel.

Die egpaar het onlangs op 'n Saterdagoggend gaan inkopies doen by 'n plaaslike inkopiesentrum. Direk nadat hulle parkeer het, het 'n man met 'n "hoodie" hulle vanaf die parkeerarea gevolg in die rigting van die winkels. Die verdagte het gedurig afgekyk grond toe en die eienaar van die voertuig het onraad vermoed en die man gevolg toe hy die winkel verlaat. 'n Paar minute later het die man verdwaas toegekyk hoe sy Amarok stadig uit die parking wegtrek - en hy het besef dat die voertuig besig was om gesteel te word. Hy het onmiddellik die verdagte vasgepen omdat hy oortuig was dat hy betrokke was by die diefstal. Ná die voorval het dit aan die lig gekom dat die verdagte 'n toestel om sy lyf gedra het wat die sein van

voertuig aangemeld. Kort daarna is die egpaar in kennis gestel dat die voertuig by Waterfall Mall geparkeer was en die bakkie is inderdaad teruggevind.

"Ons wil egter net die publiek in kennis stel van dié nuwe kriminele metode om voertuie te steel en waarsku om opletterend te wees." Die egpaar het hul dank betuig aan mnr Masilela en lede van Royal Excellency

Security, adjudantoffisier Mogotsi, sersant Molokomme en lede van die SAPD wat die saak uitstekend hanteer het.

"Ons is ook dankbaar teenoor die omstanders by die inkopiesentrum wat die sekuriteit, polisie en Cartrack gekontak het. Laastens, dankie aan Waterfall Mall se sekuriteit wat by die voertuig gewag het nadat dit opgespoor is."

Inter-provincial collaboration leads to murder conviction

RUSTENBURG HERALD - MADIKWE - The Acting Bojanala Platinum Sub-District 2 Commissioner, Brig Mamotsamai Ntoagae, together with her management team, has welcomed the sentencing of 33-year-old Mr Tebelo Johannes Pholaphola by the Madikwe Regional Court for murder and contravention of the Immigration Act.

According to W/O Ofentse Mokgadi, Bojanala Platinum Sub-District 2 police spokesperson, on the morning of 3 November 2024, members of the Madikwe Community Service Centre (CSC) attended to a murder complaint at Seshibitswe Village, where they found the body of 43-year-old Mr Pule Patrick Nkoe,

who had sustained stab wounds.

Investigations revealed that the suspect, Mr Tebelo Johannes Pholaphola, had fled the scene and was circulated as wanted. He was later traced to the Eastern Cape and successfully arrested with the assistance of the Provincial Tracing Team and local police at Ngeleni Village.

It was established that the incident followed an altercation between the victim and the suspect, which turned fatal.

The accused remained in custody from 2 September 2025 and was later found guilty by the Madikwe Regional Court. He was sentenced on 12 May 2026 to 10 years' imprisonment for murder and 6 months for contravention of the Immigration Act.

Brig Ntoagae commended all role players for their dedication in ensuring justice was served.

ELECTRO HYDRO WORLD PROUDLY CELEBRATES 20 YEARS OF EXCELLENCE AND 2 MILLION FATALITY-FREE SHIFTS

LOCAL COMPANY CELEBRATES A MAJOR SAFETY MILESTONE IN PARTNERSHIP WITH MINING CLIENTS AND COMMUNITIES

Electro Hydro World has reached a major safety milestone after completing 2 million fatality free shifts across its mining operations, while also celebrating our 20th year in business.

The local company, which provides specialist underground and grout support services, says the achievement reflects years of focused safety leadership and teamwork from employees, contractors and clients.

The milestone was reached on the 14th of May 2026 and covers work carried out at several mines where Electro Hydro World teams operate every day.

It includes day and night shifts in high risk environments, where safe work practices and strict compliance with mine standards are essential.

"Our people work in demanding conditions underground and on surface, and we never take safety for granted," says Electro Hydro World Chief Executive Officer, Gerrit Jansen van Vuuren.

"Reaching 2 million fatality free shifts is a tribute to every employee who follows procedures, speaks up about hazards and looks out for their teammates."

The company attributes the result to regular training, visible leadership and a strong safety culture that encourages workers to stop any task they believe is unsafe.

Daily pre-shift briefings, toolbox talks, and ongoing coaching help teams identify hazards, manage risks, and focus on critical controls before work begins.

Electro Hydro World has also invested in reliable equipment, maintenance and systems that support safe production. This includes continuous improvement in procedures and reporting so that potential issues are detected early, and corrective actions are implemented quickly.

"Our goal is to make zero harm a lived reality, not just a slogan," adds Mariska Snyman.

"Safety is how we work, not something we do when it is convenient, and this milestone shows what is possible when everyone takes responsibility."

Frontline employees agree that the milestone belongs to every person who steps onto site.

"As a team we remind each other: work safely today, because somebody expects you home tonight," says Gloria Seforo, a safety representative at Electro Hydro World.

This milestone is a reflection of our unwavering commitment to safety, our CHAIRS values, and the collective effort of our employees, clients and partners.

Thank you for being part of this journey with us.

OUR CHAIRS VALUES DRIVE EVERYTHING WE DO

COMMITMENT We are dedicated to safety, quality and excellence.	HONESTY We communicate openly and act truthfully.	ACCOUNTABILITY We take ownership and deliver on our promises.	INTEGRITY We do the right thing, always.	RELIABILITY We are dependable and consistent in everything we do.	SUSTAINABILITY We are committed to protecting people, the environment and our future.

BUILDING A SAFER AND MORE SUSTAINABLE FUTURE, TOGETHER.

The company works closely with mine management, unions and industry bodies as part of a wider drive towards a zero fatality future in South African mining.

It believes that strong partnerships, open communication and shared learning are key to reducing incidents and protecting workers and communities.

Electro Hydro World plans to build on the 2 million fatality free shifts milestone by continuing to invest in training, technology and safety innovation.

"Safety is like sweeping water uphill, you must keep working on safety and now is the correct time to work even harder."

BY THE NUMBERS

- 2 000 000 fatality free shifts

18 years jail term for rape convict

RUSTENBURG HERALD - RUSTENBURG - The Acting Bojanala Platinum Sub-District 2 Commissioner Brig Mamotsamai Ntoagae has welcomed the conviction and sentencing of 32-year-old Tumelo Godfrey Lesejane by the Bafokeng Regional Court in Tlhabane on Monday, 11 May.

According to W/O Ofentse Mokgadi, Rustenburg Police spokesperson, Lesejane was sentenced to 18 years direct imprisonment after being found guilty of raping a 15-year-old victim at Sunrise Park. The court further declared him unfit to possess a firearm and ordered that his particulars be included in the National Register for Sex Offenders and the Child Protection Register.

The court heard that the incident occurred after a social gathering attended by the victim, her sister and the accused. The victim was later taken to the suspect's residence, where the offence was committed.

The matter was investigated by Det/Const Dikeke Mokebe of the Rustenburg Family Violence, Child Protection and Sexual Offences Unit, leading to the arrest of the suspect on 11 March 2024 and his successful prosecution.

Brig Ntoagae commended Mokebe, the witnesses and all role players for their continued commitment in ensuring justice for victims of gender-based violence.

Rustenburg Leeskring

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Leeskring vergader weer op Dinsdag, 26 Mei by Bosduifsingel 18, Safarituine en die byeenkoms begin soos altyd om 15:00.

By hierdie geleentheid word Rozaan de Wet Boer se boek, "Is jy orraait, Elizabeth?" deur Meisie Fowlds bespreek.

Die vonk vir Rozaan de Wet Boer se nuwe roman was 'n innerlike behoefte aan erkenning vir haar eie groei en pad na aanvaarding – en uiteindelik diepe dankbaarheid – ná die geboorte van haar seun met Downsindroom. Rozaan se eie lewensreis lei tot hierdie ontroerende verhaal.

Alle belangstellendes word aangemoedig om die bespreking van hierdie roman, wat fokus op ware vriendskappe en kameraadskap, by te woon en saam deel te neem aan gesprekke oor die invloed wat gestremde kinders op families en vriendskappe het. Vir verdere besonderhede, skakel vir Laura van Vuuren by 082 456 3394 of stuur 'n teksboodskap.

Members and special guests enjoyed the first official networking event of the Rustenburg Sisterhood – SACBW (South African Council for Business Woman), recently held in Rustenburg.

Feeling empowered, motivated and encouraged

RUSTENBURG HERALD - RUSTENBURG - The Rustenburg Sisterhood – SACBW (South African Council for Business Woman) - recently hosted its first official networking event, following the successful launch of its Rustenburg branch.

The event was honoured by the presence of Provincial Leader Alita du Plessis, whose attendance added significance to the occasion. Guest speaker Charlene Davids delivered an inspiring presentation on emotional intelligence, leaving members and special guests feeling empowered, motivated and encouraged. The event was held at the elegant GrowthPoint Church, symbolising a new chapter of solidarity and growth. Corporate member Labournet also contributed valuable insights and support, further enriching the event experience.

Monthly network marketing events will be hosted as part of the Rustenburg Sisterhood, inviting all women in business to join this dynamic business growth movement. These events aim to foster collaboration, expand networks, and support women entrepreneurs in scaling their businesses. To get involved, please contact the Local Business Leader, Danneline Coetzee, at rustenburg@sacbw.org or visit the website www.sacbw.org

The next event will take place on 10 June and will focus on the important theme of self-care. This successful gathering marked an important milestone in building a strong, connected and empowered community of women in Rustenburg.

Laerskool Rustenburg se juniorkoor het nie net skattig gelyk nie, maar ook pragtig gesing.

Tinus Vosloo, Lee Campher en Walter Marshall van Brothers in Arms het die program vir die koorfees geopen.

Laerskool Proteapark se juniorkoor het, onder andere, *Hymn to the sea* en *Nader my God by U* gesing.

RUSTENBURG HERALD - RUSTENBURG - Tydens 'n geleentheid waar musiek en sang hoogty gevier het, is die Young Voices koorfees onlangs aangebied in die Gereformeerde Kerk Rustenburg Wes.

Die aand se program het altesaam 14 items ingesluit en koorlede van plaaslike laer- en hoërskole het hulle harte uitgesing. Onder andere, het Laerskool David Brink en Rustenburg Christelike Akademie se kore hul debuut gemaak op dié aand en die opgewondenheid was tasbaar.

Die honderde koorlede is deur onderwysers, ouers, vriende en musiek-liefhebbers ondersteun - en die kerkgebou was stampvol. 'n Verskeidenheid van liedere, wat lawwe kinderliedjies, Afrika-volksmusiek, Amerikaanse pop, Christelike liedere en liedjies uit musiekblyspele ingesluit het, is gesing en die begeleiding met 'n verskeidenheid van musiekinstrumente het die koorlede se sang lewendig laat word.

Joubert Jordaan, self 'n gesoute koorsanger, het as seremoniemeester opgetree en hy het gereeld die gehoor aangemoedig om die kore met harde applous geluk te wens.

'n Verskeidenheid van stalletjies wat heerlike happies en warm drinkgoed te koop aangebied het, het die koue verdryf en 'n gemoedlike atmosfeer geskep.

Die Young Voices koorfees was beslis 'n fees van musiek, talent en uitstekende koorsang wat die musikale talent in Rustenburg op die voorgrond geplaas het.

Kaylem Wolhuter, Francois Venter, Pedri van der Westhuizen, Andries Snyman en Jahno Steyn was uitgevat vir hulle optrede as deel van Bergsig Akademie se koor.

Learners urged to avoid gambling

RUSTENBURG HERALD - RUSTENBURG - Whilst underaged gambling is prohibited by law, the reality is that it has become attractive to children and at times serves as a means to supplement their families' incomes, as financial hardship bites in many South African households.

Adolescents also turn to gambling to cope with stress, peer pressure, or to seek excitement and social acceptance among their friends. The National Responsible Gambling Programme's *Taking Risks Wisely School Edition* is aimed at creating awareness among school-going learners of the dangers of illegal gambling. The initiative is being rolled out at schools in the North West from 18 to 22 May.

Research identified several factors that may contribute to early gambling exposure or initiation such as social influence, the need to impress and belong, easy access to gambling platforms and advertising, personality traits where some teens may be prone to risk taking and sensation seeking.

The legal restrictions around gambling for minors: the risks and consequences associated with gambling at a young age; and the support and treatment options available for those affected by gambling addiction.

The National Responsible Gambling Programme offers psychoeducational and psychotherapeutic counselling services for minors affected by gambling, with parental or legal guardian consent. These services are available to adults as well.

For free confidential help call the National Responsible Gambling Programme's toll free counselling line 0800 006 008 or chat with counsellors on WhatsApp at 076 675 071.

Improving livestock farming for the benefit of communities

In March 2026, 90 smallholder livestock farmers graduated after completing a Livestock Farmer Skills Livestock Development programme at the University of Pretoria's Faculty of Veterinary Science.

The initiative saw participants complete three modules covering early disease identification, treatment and prevention, production and seasonal planning, and livestock marketing and sales. The livestock farmers were selected from areas around Sibanye-Stillwater's operations, including 30 from the Lepelle-Nkumpi Local Municipality, 30 from the Rustenburg Local

Municipality and 30 from the Madibeng Local Municipality.

By completing the programme, the farmers have gained high-level knowledge and skills to boost livestock productivity, improve animal health and increase the long-term profitability of their farms.

During the graduation ceremony, the Land Bank provided information on various finance options available to help farmers purchase land and improve production. Sibanye-Stillwater believes that the agricultural sector is important in empowering communities,

providing long-term employment and promoting the growth of sustainable alternative economies.

Twenty traditional leaders from Limpopo and the North West province recently graduated after completing a Finance for Non-Financial Managers programme organised by Sibanye-Stillwater in partnership with the University of the Witwatersrand's Business School.

As part of the programme, these leaders received training in corporate governance, including aspects of financial management and financial statement interpretation. The ceremony

also saw the participation of the Land Bank, which encouraged graduates to use available government services to fully use their land.

Speaking at the event, Thabisile Phumo, Executive Vice President: Stakeholder Relations at Sibanye-Stillwater, praised the commitment of the graduates, and encouraged the traditional leaders to use what they have learned to help their communities develop their economies and their entrepreneurial ventures.

Baeteledipele ba setso ba le 20 ba ba tswang kwa porofenseng ya Limpopo le ya Bokoni Bophirima ba ile ba aloga bosheng jaana morago ga go konela lenaneo la Finance for Non-Financial Managers le le rulagantsweng ke Sibanye-Stillwater ba dirisana mmogo le University of the Witwatersrand's Business School.

Improving local livestock farmers

Go tokafatsa balemirui ba diruiwa ba selegae

Sibanye-Stillwater supports local livestock farming to promote local economic development and job creation. This has seen us partner with experts, businesses and government to construct and maintain smallholder farmers and improve the quality and quantity of produce. Foot and Mouth Disease (FMD) poses a threat to the sector, and Sibanye-Stillwater has actively been involved in efforts to promote animal vaccinations and ensure the adoption of best practices by local farmers.

As part of this, officials, led by Sibanye-Stillwater Executive Vice President, Stakeholder Relations, Thabisile Phumo, recently met with the North West Province's MEC for Agriculture and Rural Development, Madoda Sambatha to explore opportunities for collaboration. The meeting focused on helping communities vaccinate their livestock and keep animals healthy.

Matric learners receiving study guides donated by Sibanye-Stillwater together with Engen and Royal Bafokeng Institute

Sibanye-Stillwater, in collaboration with Engen and the Royal Bafokeng Institute (RBI), recently donated Mathematics, Physical Science, Accounting, Life Science and Maths Literacy guides to grade 12 learners at Tshukudu High School in Photsaneng, Rustenburg, to support learners with preparation for their final exams.

The donation forms part of our ongoing efforts to improve learner performance and build educational capacity at schools in host communities. Tshukudu High School previously received

tablets and smartboards donated by Sibanye-Stillwater and is part of our ongoing maths and physical science support programme which is implemented at 34 schools around our operations.

Beyond these initiatives, Sibanye-Stillwater continues to invest in quality education within communities through the construction of classrooms, refurbishment of laboratories, learner support programmes, university bursaries and graduate internship opportunities amongst others.

Ensuring access to further education

Go netefatsa gore baagi ba fitlhelela thuto e e oketsegileng

As part of our effort to improve community access to quality education and opportunities, Sibanye-Stillwater has provided 1,669 bursaries across our South African operations since 2016. Our Top Achievers Programme, run between 2019 and 2025 formed part of this, providing bursaries to top performing matriculants. It supported 72 learners, 40 across our PGM operations of which 22 were female.

Currently 26 of these learners are in the fields of accounting and finance (eight), mechanical engineering (nine), actuarial science (two) and even psychology (two) and social work (one). Nine learners covered by the programme have since graduated, with seven of these being absorbed into our internship programme. These included two who are completing accounting degrees, two chemical engineering and one each in the fields of mining engineering, metallurgy and metals, and geology. The internship programme ensures that

we empower the youth and also remain a modern mining company which is able to retain talent and incorporate new technologies and understandings to improve safety and efficiency.

Improving maths and science education

Go tokafatsa thuto ya dipalo le saense

Since 2021, Sibanye-Stillwater has implemented a maths and physical science programme at 34 secondary schools in host communities. The programme includes remedial afterschool classes for grades 10 to 12, Saturday revision classes for Grade 12s, quarterly training for educators and is aligned to the national curriculum. It supports the Department of Basic Education to achieve a higher pass rate in maths and physical science and encourages learners to choose maths and physical science to improve their future career opportunities.

In 2025, schools benefiting from this programme outperformed the North West province results by 3.6 percentage points in maths and 4.6 percentage points in physical science. The best performing schools were Machadam Combined School in Mooinooi, which received a 100% pass rate for maths and physical science in 2025, and Thaba Morula Secondary School in Segwaelane, which achieved an 85.7% pass rate in mathematics and 96.3% in physical science. Learners in these schools received

16 distinctions for mathematics and 8 for physical science in 2025.

Sibanye-Stillwater supported teaching and training programmes in combination with other complementary efforts to construct schools, renovate maths and science labs and build school playgrounds and sports facilities, to enhance access to quality education.

Improving community safety

Go tokafatsa pabalesego ya baagi

Since the start of the year, the Bojanala Wellness and Safety Centre (BWSC), which was established in partnership with local communities and supported by Sibanye-Stillwater, has run programmes to help keep communities safe. The centre conducted six fire safety awareness campaigns across schools and early learning centres, including at Rethusitswe Pre-School, Jehovah's Angels Pre-school, Nkukime Primary School, Bapo Primary School, Good Hope Early Learning Centre and Maruatona Primary School.

These campaigns reached 470 learners, educating them on the dangers of fires and involving them in efforts to improve fire detection and safety in the community. These engagements also identified critical safety gaps, including lack of fire safety equipment, unsafe infrastructure, limited emergency preparedness, and the need for further interventions such as fire drills and first aid training.

In addition, the Bojanala Wellness and Safety Centre has continued to strengthen relationships with community policing forums and the South African Police Service in local communities to improve community safety and coordination.

BWSC has, since its establishment in 2024, been supporting the communities in the 16 wards of the Bojanala District Municipality to reduce crime, combat gender-based violence (GBV), and access safety and emergency training. The initiative is community centred and seeks to also insure that interventions on community safety and wellbeing are integrated with tackling other critical community challenges.

Lonplats Marikana Community Development Trust uplifts communities

The Lonplats Marikana Community Development Trust was established in 2014 as part of a community ownership and empowerment structure to the deep socio-economic needs of the communities surrounding the

Marikana operations. Funded by dividends received from its 0.9% shareholding in the Marikana operations, it supports projects tackling hunger, elevating education, unlocking youth potential, and strengthening

social cohesion.

Since 2019 the trust has spent over R53 million in support of the community. It provided bursaries to 166 individuals, dignity packs to 4,500, food parcels benefiting

over 22,490 and supported a driving school programme which trained 80 community members. It also funded the purchasing of six mobile clinics which operate across all eleven regional wards.

Transforming communities through development

Established in 2016 and officially launched in 2023, the **Sibanye Rustenburg Mine Community Development Trust (SRMCDT)** seeks to drive transformation in the Rustenburg and Madibeng local municipalities. The Trust ensures that mining brings real change to local communities and gives people the tools they need to build a better future.

Initiatives and impacts

Between 2024 and 2025, the Trust invested over R29.8 million for community projects alone.

Previous projects include:

- Investments of R712,208 to improve early detection and survival rates of childhood cancer and train over 1,100 in early detection of cancer in partnership with the Childhood Cancer Foundation
- Donated five response vehicles and ambulances to the North West Department of Health valued at R5 million
- R1.5 million invested to train and employ 25 youth in smart farming, food security projects, and business development skills in partnership with Youth Health Africa (YHA)

- Career development programme implemented reaching over 770 learners
- R9.97 million invested in youth work experience scheme and R2.5 million invested in agriculture living laboratory
- 8,490 people reached through an HIV prevention and skills development programme
- 27 GBVF container pods to be delivered in Rustenburg churches - 18 currently delivered valued at R2.1 million
- 43 farmers supported across emerging and commercial farms and 48 families provided with psychosocial support through the Building Disability

Inclusion programme

- R5 million invested in the construction of multipurpose sports and ablution facilities
- Investments of over R3.5 million to upgrade school sanitation and water access in partnership with Gift of the Givers and a further R3.9 million for the eradication of pit toilets

By strategically investing in these critical areas, and integrating sustainability into all its initiatives, the Trust is building a foundation for self-sufficient communities that can thrive beyond mining.

Building a thriving Bapo community

The **Bapo Ba Mogale Local Economic Development Trust** was established to drive economic participation and community development of the Bapo Ba Mogale community, which resides in the North West province. The Trust was established in 1998 by Lonmin, which was acquired by Sibanye-Stillwater in 2019. It receives funding from a 0.9% stake in the Sibanye-Stillwater EPL and WPL operations. It focuses on education, enterprise development, infrastructure, and social welfare amongst others.

Initiatives and impacts:

The Trust has supported over R130 million in community

investments, in partnership with businesses, especially Sibanye-Stillwater.

As part of this, the Trust:

- provides annual food vouchers for the elderly and disabled
- invested over R500,000 in funding to 30 small businesses to foster entrepreneurship and job creation - 15 are now Sibanye-Stillwater vendors as a result of the success of the initiative
- provided training to teachers and financial support to nine early childhood centres in the North West in partnership with Sibanye-Stillwater
- donated wheelchairs and

assistive devices

- awarded bursaries to over 25 learners, including seven matric top achievers
- partnered with Sibanye-Stillwater to launch the Ditlou Bee Farming project in Bapong, North West, which has produced over 250kg of honey to date. Visit www.beeafrican.africa to view their products and make your purchase
- together with Sibanye-Stillwater, Agriculture Research Centre (ARC) and the Department of Agriculture and Rural Development, implemented a livestock programme, which assists participating local farmers

with stock management and training. Cattle camps, crush pans, and scales for farmers were also constructed

- is currently involved in the construction of six grade R classes budgeted at R40 million

The work of the Trust ensures that the financial gains from mining activity translate into tangible socio-economic improvements for the community.

Netball team flies high

Two talented netball players from the Sibanye-Stillwater Marikana Netball Team, Miranda Busakwe and Angake Gcelu were recently selected to participate in the North West Province District trials. Both athletes showcased exceptional skill and determination during the selection process, earning them a place in the provincial trials held in Potchefstroom.

Angake was also selected to join the North West Flames, after progressing through several competitive rounds against the province's top athletes and showing impressive skill and teamwork. The team competes in the high-performance Telkom Netball League (TNL), which is recognised as one of South Africa's leading semi-professional netball competitions.

Supporting road safety efforts in Rustenburg

Representatives from the Department of Home Affairs, Rustenburg Local Municipality, emergency and transport services and other mining houses at the N4/R24 Waterval interchange road safety campaign

Sibanye-Stillwater recently participated in road and rail safety campaigns organised at the busy N4/R24 Waterval interchange and K6 Railway Level Crossing in Rustenburg. These campaigns brought together multiple stakeholders including Glencore, Transnet, the Rail Safety Regulator, the Department of Home Affairs, the Road Accident Fund, Impala Platinum, the South African Police Service and the Rustenburg Local Traffic Department. This collaborative initiative allowed stakeholders to directly engage with motorists and pedestrians to raise awareness around responsible driving and compliance with road and rail safety regulations. The N4/R24 Waterval interchange engagement was also attended by the Executive Mayor of Rustenburg, Councilor Shiela Mabale-Huma, who joined the partners in reinforcing critical road safety awareness messages.

The initiative forms part of the company's ongoing commitment to promoting road and rail safety and supports efforts to reduce accidents along South Africa's key national routes.

‘The Drive with Rob and Roz’ hits Rustenburg airwaves

Rob Forbes (Jacaranda FM).

Rozanne McKenzie (Jacaranda FM).

RUSTENBURG HERALD - RUSTENBURG - Waterfall Mall proudly hosted the Jacaranda FM Feel Good Tour on 15 May, featuring a live broadcast of The Drive Show with Rob & Roz from Centre Court between 16:00 and 19:00.

The activation created an energetic and exciting atmosphere within the mall, attracting strong shopper engagement throughout the afternoon and evening.

The Jacaranda FM team entertained shoppers with various giveaways and interactive activities, creating a memorable experience for visitors. A key highlight of the activation was the treasure hunt competition, which encouraged shoppers to participate for a chance to win two trolleys filled with incredible prizes sponsored by Waterfall Mall tenants.

Participating tenants included: Vodacom Waterfall Mall, Lemorgan, Cajees Timezone, Lets Van Als, Milaneza, Telkom, Pick n Pay, Dis-Chem, Steak Out Grill and Popsickle Ice Cream Parlour.

The winning shoppers walked away with fantastic prizes, showcasing the value and support of Waterfall Mall's tenants in creating rewarding shopper experiences. Another exciting feature of the day was the go-kart challenge hosted at Rusty Go Kart, where the Jacaranda FM team participated in a fun and entertaining activity that added further excitement and engagement to the event.

Overall, the Jacaranda FM Feel Good Tour was an awesome and impactful activation for both shoppers and tenants. The event successfully drove excitement within the mall, increased shopper engagement, and reinforced Waterfall Mall as a vibrant destination for entertainment and community experiences.

ENVIRONMENTAL AUTHORISATION AND WATER USE LICENSE APPLICATION PROCESSES FOR THE PROPOSED AMENDMENT OF SIBANYE RUSTENBURG PLATINUM MINE'S NW 80 MINING RIGHT AND THE INCLUSION OF THE BLOCK D UNDERGROUND MINING AREA, RUSTENBURG LOCAL MUNICIPALITY, NORTH WEST PROVINCE

NOTIFICATION OF PUBLIC MEETING AND AVAILABILITY OF THE DRAFT BASIC ASSESSMENT REPORT FOR PUBLIC COMMENT

Applicant: Sibanye Rustenburg Platinum Mines (Pty) Ltd
Location: Portions 1 and 145 of Town and Townlands of Rustenburg 272 JQ
DMPR Reference Number: NW30/5/1/2/2/80MR

Project Description
Sibanye Rustenburg Platinum Mines (Pty) Ltd (SRPM) is a subsidiary entity of Sibanye-Stillwater Limited Group of companies. SRPM currently mines, processes, refines and markets Platinum Group Metals (PGM) and base metals at various operations near Rustenburg, in the North West Province.

It is the intention of SRPM to expand its Mining Right Area (NW 30/5/1/2/2/80 MR) through the incorporation of the proposed Block D mining area (~45 ha). The proposed expansion area lies at the border of the SRPM mining right (MR 80). SRPM plans to mine Block D by means of underground mining methods, from its existing K6 Shaft (MR 80) as well as from the Bathopele Shaft, that falls within SRPM Mining Right Area (NW 30/5/1/2/2/82 MR).

The Bathopele Operation is currently experiencing a production decline, resulting in the urgent need to find additional ounces of PGMs in order for the Bathopele Operations to maintain a sustainable production profile.

The underground mining methods will entail bord and pillar mining methods using mechanised mining equipment. Underground mining activities are planned to start from 30m below surface, mining deeper. All mining activities will take place on the reef horizon, and mined ore will be transported to the Bathopele or K6 Shaft via an existing underground conveyor system. Waste rock will be removed to reach the ore. The waste rock will remain underground and will be used in backfilling to promote stability in the mined out underground areas. No waste rock will be brought to the surface for placement on the existing Waste Rock Dumps.

No new surface infrastructure will be required as the existing K6 and Bathopele Shafts will be utilised to access Block D. The existing infrastructure associated with the K6 and Bathopele Shafts, such as ventilation shafts, transportation routes, stockpile areas and concentrators, will be used for the mining of Block D.

The expected Life of Mine for the proposed Block D mining area is seven (7) years.

Alta van Dyk Environmental Consultants have been appointed as the Environmental Assessment Practitioner for the proposed project to undertake the environmental related authorisation and associated public participation process.

Authorisations required:
Before the commencement of the proposed Block D Project, SRPM requires environmental related authorisation. The following authorisations are required as per the applicable legislation:

- A Basic Assessment (BA) environmental authorisation process in terms of the National Environmental Management Act (NEMA) (Act Nr. 107 of 1998) and the Environmental Impact Assessment (EIA) Regulations. The competent authority for this process is the North West Department of Mineral and Petroleum Resources (DMPR).
- Waste Management Licence in terms of the National Environmental Management Waste Act (Act 59 of 2008) (NEM:WA). A combined environmental authorisation application in terms of NEMA and NEM:WA will be submitted to the DMPR.
- A Water Use Licence Application (WULA) in terms of the National Water Act (Act No. 36 of 1998) (NWA). The Competent Authority for this process is the Department of Water and Sanitation (DWS).
- Approval of the Heritage Impact Assessment in terms of the National Heritage Resources Act (Act No. 25 of 1999) (NHRA). The competent authority for this application is the South African Heritage Resources Agency (SAHRA).

Clean energy launched in Mogwase

RUSTENBURG HERALD - MOGWASE - The recent commissioning of Amani Africa's bulk LPG facility, a clean-cooking programme, will directly benefit the province's most vulnerable communities - by reaching 1.25-million South African households by 2030.

"While most LPG access programmes focus on distribution alone, the ECCI 2030 programme expands this value chain through local ownership of critical bulk infrastructure," explained Refilwe Sebothoma, Chief Executive of Amani Africa and Hakem Energies. "If communities only ever receive

product without owning any part of the value chain, the economic benefit leaves with the truck. What we are doing in Mogwase is different. The bulk plant itself sits in local hands. That changes who benefits and for how long - in alignment with community needs."

Beyond supplying the mines and industries in the surrounding region, Amani Africa's Mogwase facility will supply a network of small, community-based points of sale operated by local entrepreneurs, with a deliberate bias towards women and youth. Refills will be available from as little as 1kg, and 3kg and 5kg cylinders have been introduced to lower the upfront cost of adoption for low-income households from switching away from wood, coal and paraffin. The first community point of sale was officially opened at Moruleng Mall in partnership with the Bakgatla-ba-Kgafela Traditional Authority.

Sebothoma, who was raised in Marikana, commented: "I grew up watching and directly experiencing what energy poverty does to families. It steals time from women, takes children out of classrooms and can cost lives. At the same time, the wealth created by the energy sector often flows past the very communities it draws from. ECCI 2030 is a deliberate attempt to reverse that flow."

The initiative is structured as a public-private partnership drawing together Easigas alongside the Department of Electricity and Energy, the National Energy Regulator of South Africa, the Department of Small Business Development, the Small Enterprise Development and Finance Agency, and the LPG Safety Association of Southern Africa. Last-mile sites are part-financed through a blend of grants and interest-free loans, while households are offered subsidised LPG appliances.

ECCI 2030 is projected to create approximately 800 direct and 300 indirect jobs in rural and low-income areas, and to avoid an estimated 350 000 tonnes of CO2-equivalent emissions a year by 2030. Easigas projects that the programme could reduce the risk of premature death by between 20% and 30% for 4.3-million people currently exposed to indoor air pollution from solid-fuel cooking. "A clean flame should be a basic right," Sebothoma concluded.

VLU Mosaïektak raak kreatief met kaartjies

Elsie Baard en Selma Behrens.

Elmarie van Niekerk en Verona Loots.

Daar is nie net heerlik geëet en gekuier tydens die vergadering van die Vrouelandbou-unie Mosaïektak op 13 Mei nie, maar ook is daar geleer om pragtige kaartjies te maak. Vier gaste het kom saam kuier en baie dankie aan Mariaan Niemand wat haar kennis met die dames kom deel het. Almal kyk nou anders na handgemaakte kaartjies en die papierkuns. Baie geluk aan Elmarie van Niekerk wat die prys, geskenk deur Mariaan, gewen het. Dankie aan die gasvrouens, Julie Prinsloo en Ronel Verwey, vir hul gasvryheid. Francis Liebel het weer eens die beoordeling van die kompetisie-artikels waargeneem en Mosaïektak waardeur haar moeite en bereidwilligheid.

Domestic workers deserve safe, lawful and respectful working conditions

RUSTENBURG HERALD - RUSTENBURG - The Dignity in Every Home campaign is a national initiative focused on strengthening awareness of domestic workers' rights and supporting employers to create trusting, fair, safe, dignified and lawful home-work environments.

The campaign provides guidance for employers and domestic workers, focusing on a range of issues including dignified accommodation, fair pay, working hours, leave, and dismissal procedures. These resources assist employers of domestic workers to have clear agreements and respectful working relations, which create security for workers and peace of mind for employers.

"As employers, we must understand the responsibility we take on when inviting someone to work in our homes. A cleaner or nanny must have the same labour rights we expect from our own employers," says Amy Tekie, co-founder of Izwi Domestic Workers Alliance. "Domestic workers often work long days, live apart from their families, and earn well below minimum wage. Workers are regularly bullied, assaulted, and treated with blatant discrimination. These practices are unconstitutional."

Tekie explains that the resources shared in this campaign will help employers to identify where there may be gaps in their employment agreements, how to address the mandatory government registration requirements, and how to handle tricky situations.

The campaign's website includes a quiz called "Are you a fair employer?", helping employers ensure they are doing things properly. In addition to the quiz, there is a checklist and the "Code of Good Conduct for accommodating live-in domestic workers." This Code serves as a practical guide for employers who accommodate live-in domestic workers in private homes and residential associations. One way employers can do more to assist domestic workers is by paying them more than the R30.23 per hour minimum wage.

Many residential associations have rules that blatantly discriminate against resident

domestic workers and many private homes also have unconstitutional house rules for them. Sometimes, workers are forced to live in substandard, unsafe housing. The Code outlines clear standards for accommodation, privacy, food, family and social life, equal access and treatment, freedom of movement and religion and freedom from harassment and abuse.

Also on the website, there is a third resource, entitled, "Employing a domestic worker - a legal and practical guide", offering a wealth of information on topics such as working hours, rest periods, wages, deductions, overtime pay, leave and night work. It provides content on making changes to terms of employment, conducting disciplinary procedures, registering for UIF and COIDA, and terminating the employment relationship.

Rustenburg Herald Kook

Pedro en Nalia Chume.

Johannis Pienaar, kunstenaar en oud-onderwyser, is 'n bekende gesig in Rustenburg met sy "kleurvoller" en rustige persoonlikheid - en hierdie week het sy regterhand, Pedro Chume en sy vrou, Nalia Chume, al die pad van Mosambiek, vir ons 'n heerlike suurlemoensponskoek in die kombuis opgetower. Dit was 'n rustige en aangename kuintjie saam met dié drie in die kombuis. Pedro is die afgelope sowat vier jaar al Johannis en sy moeder, Elsie, se regterhand en Nalia help deesdae net so fluks met 'n klomp van die take in en om die huis. So maak Pedro en Nalia die heerlike sponskoek wat enige teedrinkgeleentheid in 'n genotvolle geleentheid vir jou en jou gaste sal omskep.

SUURLEMOENSPONSKOEK

BESTANDDELE:

- Skil van 2 groen suurlemoene, gerasper
- 4 eiers
- 1/3 blok botter (sag)
- 1½ koppies suiker
- 4½ koppies koekmeel
- ½ koppie melk
- 3 teelepels (afgestryk) bakpoeier

METODE:

Voeg die gerasperde skil van suurlemoene, eiers, botter en suiker saam in 'n mengbak en meng baie goed met die hand. Nalia gebruik 'n groterige houtlepel - dit moet baie goed geroer word.

Voeg dan die koekmeel by die mengsel en roer weer eens baie goed met die houtlepel. Voeg dan die melk by en meng (dit moet 'n slapperige deeg vorm, maar nie loperig soos water nie). Roer die bakpoeier in.

Skakel die oond op 180°C aan. Smeer 'n ring-koekpan goed met botter en gooi die deeg in die ringpan. Plaas koek in warm oond en bak vir 30 minute.

Haal die koek uit die oond en laat eers afkoel voordat uitgehaal en op opdienbord geplaas word - en siedaar 'n pragtige, goudbruin en heerlike ringkoek vir enige geleentheid.

Die keurig gedekte tafel waar ons heerlike tee en suurlemoensponskoek geniet het.

W/O Obakeng Motepe addressing the learners of Kroondal Primary School.

RUSTENBURG HERALD - KROONDAL - As part of Child Protection Month activities, members of the Rustenburg SAPS conducted an awareness campaign focusing on bullying and substance abuse at Kroondal Primary School on Monday, 18 May.

The campaign, according to W/O Ofentse Mokgadi, Rustenburg police spokesperson, was led by Safer Schools Officer, W/O Obakeng Motepe, who addressed 1 200 learners. The initiative aimed to educate learners about the dangers of substance abuse, the impact of bullying, and the importance of reporting incidents to parents, teachers, or the police.

Role-players who participated in the campaign included members of Public Safety as well as local pastors, who joined hands with SAPS in promoting a safe and supportive learning environment for learners.

History made at MASA North West Provincial Trials

Pictured here are James Cronje, Kancho Bernie van der Mescht (coach) and Laruscha Cronje.

RUSTENBURG HERALD - RUSTENBURG - History was made this past weekend as MASA hosted its annual Provincial Trials, bringing together three provinces: North West, Limpopo, and Northern Cape. The event saw 459 participants compete across the divisions in what proved to be one of the largest trials in the region to date.

The main event featured an extremely high standard of competition, with athletes who had recently represented South Africa at the RCFA World Championships taking to the ring.

Among the standout performers were brother and sister, James Cronje (MASA NW Delta - Provincial title fight male winner) and Laruscha Cronje (MASA NW Delta - Provincial title fight female winner) from Red Dragon Hartbeespoort. Both delivered performances of the highest level, winning their titles against experienced opponents fresh from international competition.

The success of the trials highlights the growth of kickboxing in North West and the strength of MASA's development pathway in South Africa. Organisers thanked all fighters, coaches, referees, and parents for making the event possible and look forward to building on this momentum ahead of nationals. A big thank you goes out to Shihan Deon de Jong for making this possible.

RUSTENBURG HERALD - RUSTENBURG - Vee die stof van jou gholfstokke af en oefen jou beste swaai - of ten minste jou beste verskoning - want 'n lekker, pretbelaaide Gholfdag vind op 29 Mei by Rustenburg Gholfkлуб plaas!

Gaan geniet 'n ontspanne dag op die baan ter ondersteuning van Residentia Sering, waar die kompetisie vriendelik, die lag volop en die af-en-toe verdwaalde gholfbal heeltemal aanvaarbaar is. Of jy nou 'n ervare gholfspeler is of iemand wat hoofsaaklik die gholfkaretjie bestuur – almal is welkom.

Vierballe kos R4 500, en putjie-borgskappe is R2 000 — 'n uitstekende geleentheid vir besighede en vriende om 'n goeie saak te ondersteun. Bring jou span, jou sin vir humor en dalk 'n ekstra gholfbal of twee. Uiteindelik gaan dit nie oor hoe goed jou swaai is nie — dit gaan oor hoe goed die saak is.

Vir besprekings of borgskappe, kontak Liza by 072 781 2116. Sien jou op die baan!

Rustenburg Herald Sport & SKOLE SCHOOLS

Dhanji Dressage Show

Dhanji Equestrian - the original Cornerstone, recently hosted their first ever Graded Dressage event. Judges from Johannesburg and Pretoria attended to judge the riders. It was a great event that was attended by local riding schools, as well as riding schools hailing from Pretoria. Dhanji Equestrian hopes to host graded dressage shows on a regular basis so that they can make dressage more accessible to riders in North West without them having to pay exuberant entry fees. They would like to thank Equidance for their sponsorship, as well as Hancor Houndware for the lovely prizes.
